

**SERMON NOTES**

**Safety Tidbits**

Winter time home safety tips

1. Check your smoke and carbon monoxide detectors for proper operation.
2. Check all air filters once a month and replace as needed.
3. Close all crawl space vents.
4. Have any chimneys or vents on heating equipment inspected and cleaned.
5. Insulate all non-frost proof exterior water faucets and store all garden hoses.
6. Keep a clear area around heating equipment and flammables like candles.
7. Consider obtaining a backup heating source.
8. Purchase or compile a "Bug Out" kit of essential items (food, clothing, medicines) you would need to survive for a 72-hour isolation/transition period and don't forget any pets.
9. During freezing temperatures leave faucets running with a trickle of water, especially if you have concerns over night and during absences.
10. Spread sand or kitty litter on icy walk ways.
