

SERMON NOTES

Safety Tidbits

Electrical Safety & fire prevention

1. Regularly check all electrical devices and appliances to be sure they are functioning properly. Overheating, sparks, smoking, failing to operate and electrical shocks all indicate a problem.
2. Inspect all cords and replace any that are frayed, dried out or damaged.
3. Turn off and unplug items, especially heat producing units like space heaters and hot plates when not in use.
4. When not in use unplug chargers i.e.: cell phones and hand tools.
5. Do not alter three prong plugs or use adapters in two-slotted outlets.
6. Do not overload circuits. Is a breaker tripping quite often? It is either worn out or the circuit is overloaded.
7. If you need to use an extension cord, verify it is rated for your desired use.

Do not use the area in front of electrical main panels for storage.

"Ruth" - Loss, Love and Legacy

By Kelly Minter

During this 7-session study we will examine Ruth's journey of unbearable loss, redeeming love and divine legacy while learning how God's law is meant to lead to life, trust God's providence, and trace shadows of Jesus, the Messiah, who is to come.

There are two opportunities to participate in this study, Wednesday evenings at 6:30 pm beginning February 22 or Thursday afternoons at 1:30 pm beginning February 23.

Books cost \$10. Sign-up through the church office by Monday, February 20.

Men's Ministry Bible Study

"Crazing Making"

We all have these patterns in our lives that we just can't seem to shake no matter how disciplined we are, how much will power we drum up, eventually we find ourselves sucked back into repeating the same patterns again. It's Crazy Making! Join us for this 4 week study and see how Jesus makes it possible for us to stop the crazy and live in freedom.

Wednesdays @ 6:30 pm Bykota Classroom
