| Closing Prayer | | Wayne Dingman |

Safety Tips

Flu Season Tips-Vinegar Kills Flu Viruses

1. Flu viruses circulate less freely in humid environments and often an epidemic will follow a drop in humidity. Consider using a humidifier in your home.
2. Cover your food and drinks when dining in public places.
3. When disinfecting surfaces use a spray disinfectant in place of disinfectant wipes which are prone to relocating bacteria from one spot to another.
4. Open your windows for 20-30 minutes daily to remove stale air from your home and bring in fresh outside air.
5. Flu viruses cannot live in high temperatures. Use your dishwasher's highest heat cycle along with some vinegar to disinfect children's toys and pacifiers.
6. Use your clothes dryer's highest setting for 30 minutes to disinfect throw pillows, little blankets, winter coats, and children's stuffed animals.

October 25—Youth Packing Party

Our goal is for the kids and youth to pack a total of 150 boxes .You can help by providing the items listed below for our kids & youth!

It is our prayer that more children will have the joy of receiving a gift and an opportunity to hear the Gospel.
